Introduction

Weather

Generally, April through to October offers good weather conditions for any event at Kiss Bali Beach Residence, however, due to recent global weather changes, we strongly advise EOs and guests to consider wet weather conditions and plan accordingly for events during the whole year.

Reviewing the weather forecast closer to the wedding day is a MUST during any time of the year, as the villa has no wet weather back up OR big indoor space to accommodate the guests, especially when it involves a larger group.

It is compulsory to use a marquee or a tent on rainy days during the whole year, and special pre-planning will be required for the rainy season months in Bali (due to a high demand for marquees or tents) which normally runs from November – March (subject to change). The marquee or tent must be freestanding and needs to have clear plastic side curtains and proper flooring. A professional vendor is required to ensure the quality of the structure follows EH standards. A list of approved vendors can be proposed.
